## **GOVERNMENT BOARDS AND COMMITTEES INFORMATION**

The enclosed report sets out the membership and remuneration of part-time government boards and committees as at 30 June 2012. The information has been sourced from the Boards and Committees Information System (BCIS), a database administered by the Department of the Premier and Cabinet.

### **DEFINITION**

Boards and committees included in this report are as follows:

- part-time government boards and committees where fees are paid to one or more members;
- part-time government boards and committees which have been established pursuant to an act of Parliament; or
- any other part-time government boards and committees which the minister may wish to have included.

### **COMMENT**

This is the sixteenth annual report of board and committee information to Parliament. In doing so, the government has agreed:

1. The report is to be tabled in Parliament on an annual basis within eight weeks of the end of the financial year (subject to Parliamentary sitting dates).
2. Accountability and responsibility for the accuracy of the information rests with each minister.
3. This report should not be considered to be a complete listing of all government boards and committees.
4. Fee information is provided in full, reflecting remuneration details relating to individual board membership payments, and includes:
  - details of any attraction/retention allowances paid to particular members;
  - the source of remuneration funding; and
  - an “additional fees” field to provide additional information and fee explanations when this is relevant to a particular board or committee.
5. This report now includes the annual reporting dates (where applicable) for individual boards and committees.

## **EXPLANATORY NOTES**

1. Fees set out on a sessional or hourly basis are an approximation only, given the difficulty associated with extracting details of numbers of meetings each member attends on each committee during the year.
2. Except in rare circumstances, deputy members' fees are not included in the total board fee calculations.
3. Some boards and committees may appear with no membership. This indicates that there were no members appointed on 30 June 2012.
4. The 'Agency' field at the top of the report is an optional field, which some agencies choose to use for their own purposes. It is not an essential part of the report.
5. Individuals' titles and post-nominals are not included on the printed reports.
6. The Boards and Committees Information System (BCIS) was designed to allow only one deputy membership per member. In some instances there are deputy members who are deputies to more than one member. The database does not record any second and subsequent deputy memberships.
7. Fees appearing in the 'additional fee' field at the bottom of board listings do not count toward the total cost estimate for the board or committee.
